This entry-level position performs inspections and investigations to determine compliance with the following provisions: California Food and Agricultural Code, California Business and Professions Code, California Code of Regulations, California Health and Safety Code, and Structural Pest Control Act, County Ordinances and Federal law pertaining to agriculture, the environment, and weights and measures. Inspects, under supervision, for compliance in licensed programs; issues certificates of inspection and notices of violation; assists in other program areas; prepares investigations for administrative action and/or filing with the District Attorney. The Inspector I will be cross-trained in both the Inspections and Weights and Measures specialties and assigned to work in a particular geographical location. It is expected that this classification will promote to an Inspector II after obtaining the requisite licenses, gaining experience, demonstrating competencies, and accepting greater responsibility. This position is subject to overtime, standby and callback assignments, and performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS

INSPECTOR I

This is the entry level position in the series. Under supervision, inspects for compliance in the programs in which licensed; issues certificates of inspection and notices of violation; assists in all other program areas; prepares investigations for administrative action and/or filing with the district attorney. Employees in this class may, in emergencies and for training purposes, but under close

supervision, be required to perform work in subject areas where they do not possess the requisite licenses, but they will not be expected to issue inspection certificates or violation notices. Upon obtaining the requisite licenses, gaining the necessary experience, demonstrating competence and the willingness to accept greater responsibility, employees are eligible for promotion to the Inspector II level. All promotions are subject to the approval of the Department Head.

INSPECTOR II

This is the experienced level in the series. Under general supervision, inspects for compliance in the program areas where licensed. Employees in this class may, in emergencies and for training purposes, but under close supervision, be required to perform work in subjects where they do not possess the requisite licenses, but they will not be expected to issue inspection certificates or violation notices. Employees at the Inspector II level may give direction and guidance on specific assignments to employees at the Inspector I or extra-help level. Upon obtaining the requisite licenses, gaining the necessary experience, demonstrating competence and the willingness to accept greater responsibility, employees at the Inspector II level are encouraged to apply for the Inspector III level. All promotions are subject to the approval of the Department Head.

INSPECTOR III

This is the advanced experienced level in the series. Employees in this class are under general supervision. They are expected to work independently and perform the full array of inspections and investigations. Employees in this class are lead persons for other employees and coordinate activities such as contracts, agreements, and/or departmental programs. They exemplify the mission, vision and values of the Department. Employees at this level may assist in the training of less experienced and temporary personnel. Employees in this class are encouraged to obtain the Deputy Agricultural Commissioner and Deputy Sealer of Weights and Measures licenses.
